

# **I-95/SR 141 Ramp Interchange Project Will Require Nighttime Lane Closures/Shifts on I-95 NB and I-295 NB Week of 4/16**

The Delaware Department of Transportation's (DelDOT) contractor, Mumford and Miller Inc., will implement nighttime lane closures next week for beam placement for the new SR 141 bridge and travel delays should be expected.

## **I-295 Northbound Shifted to I-95 Northbound on the following dates and times:**

- **8:00 p.m. Monday, April 16, 2018 until 5:00 a.m. on Tuesday, April 17, 2018**
- **8:00 p.m. Tuesday, April 17, 2018 until 5:00 a.m on Wednesday, April 18, 2018**

I-95 northbound will be reduced to just the two left lanes and the contractor will be shifting I-295 northbound traffic to I-95 northbound between Exit 5 and past the Route 141 northbound interchange before merging again with I-295 northbound via the temporary crossover. The SR 141 southbound ramp (Exit 2) to I-295 northbound will be also closed during this time period.

## **Detour Routes:**

- I-295 northbound motorists will use the right lane signed for I-95 northbound and stay in the right lane of I-95 and then use the temporary crossover just past the work zone to go back onto I-295 northbound.
- SR 141 southbound to I-295 northbound motorists should follow detour signs to make a right on Commons

Boulevard, a right onto Churchmans Road, a left onto SR 1/7 southbound, and merge onto I-95 northbound.
